## SAUVIGNON BLANC 2020

---

### WINE OF ORIGIN

Western Cape

### VINTAGE CONDITIONS

The 2020 vintage was characterized by generally favourable conditions, improved winter rainfall preceding the growing season and generally mild conditions. This resulted in improved crops in particular in the coastal areas or Swartland, Wellington, Paarl and Stellenbosch. The vintage period was lower in disease pressure than the 2019 vintage but some rainfall during vintage did require careful management. The spring period was unusually warm prompting early bud break and accelerated early growth while, the summer through vintage was mild in terms of temperature with fewer peaks or periods of high temperature. This resulted in an early vintage start and a compressed February finishing earlier than in recent years. Wines show great retention of freshness and flavour with good tannin development and aging potential. We are hugely excited about the quality of the 2020 Vintage.

### WINE DESCRIPTION

This layered Sauvignon Blanc shows prominent aromas of guava and tropical fruit, with hints of cut grass. The fresh and zesty palate is well balanced with a linear acidity and fruity finish.

### MATURATION

None

### SERVING SUGGESTION

Enjoy this wine on its own or with a variety of salads, white meat dishes and fresh seafood. Sauvignon Blanc is generally best enjoyed when it is chilled.

### CELLARING POTENTIAL

Enjoy now or cellar for 20 months from vintage date.

### WINE ANALYSIS

Alcohol: 13.15 % v/v  
pH: 3.29  
Total acidity: 6.42 g/l  
Residual sugar: 4.0 g/l
